

REAL PROJECT TEAM HARMONY

Reinventing Family Travel Planning

Imagine this. You're a parent. You've booked the hotel, researched kid-friendly spots, packed for everyone. And before the vacation even starts... you're exhausted.

Sound familiar?

Family vacations are supposed to be a break. But for many, they're just another form of stress.

We're Team Harmony and we're here to change that.

Julia (36) 2 Kids, in sales

- Travel type: All-inclusive family resort with childcare
- Main interests: Relaxation, quality time, safety
- Challenge: Conflicting interests (action vs. relaxation)
- High mental load due to managing activities
- Solution: Structured daily schedule (activities in the morning, relaxation in the afternoon)

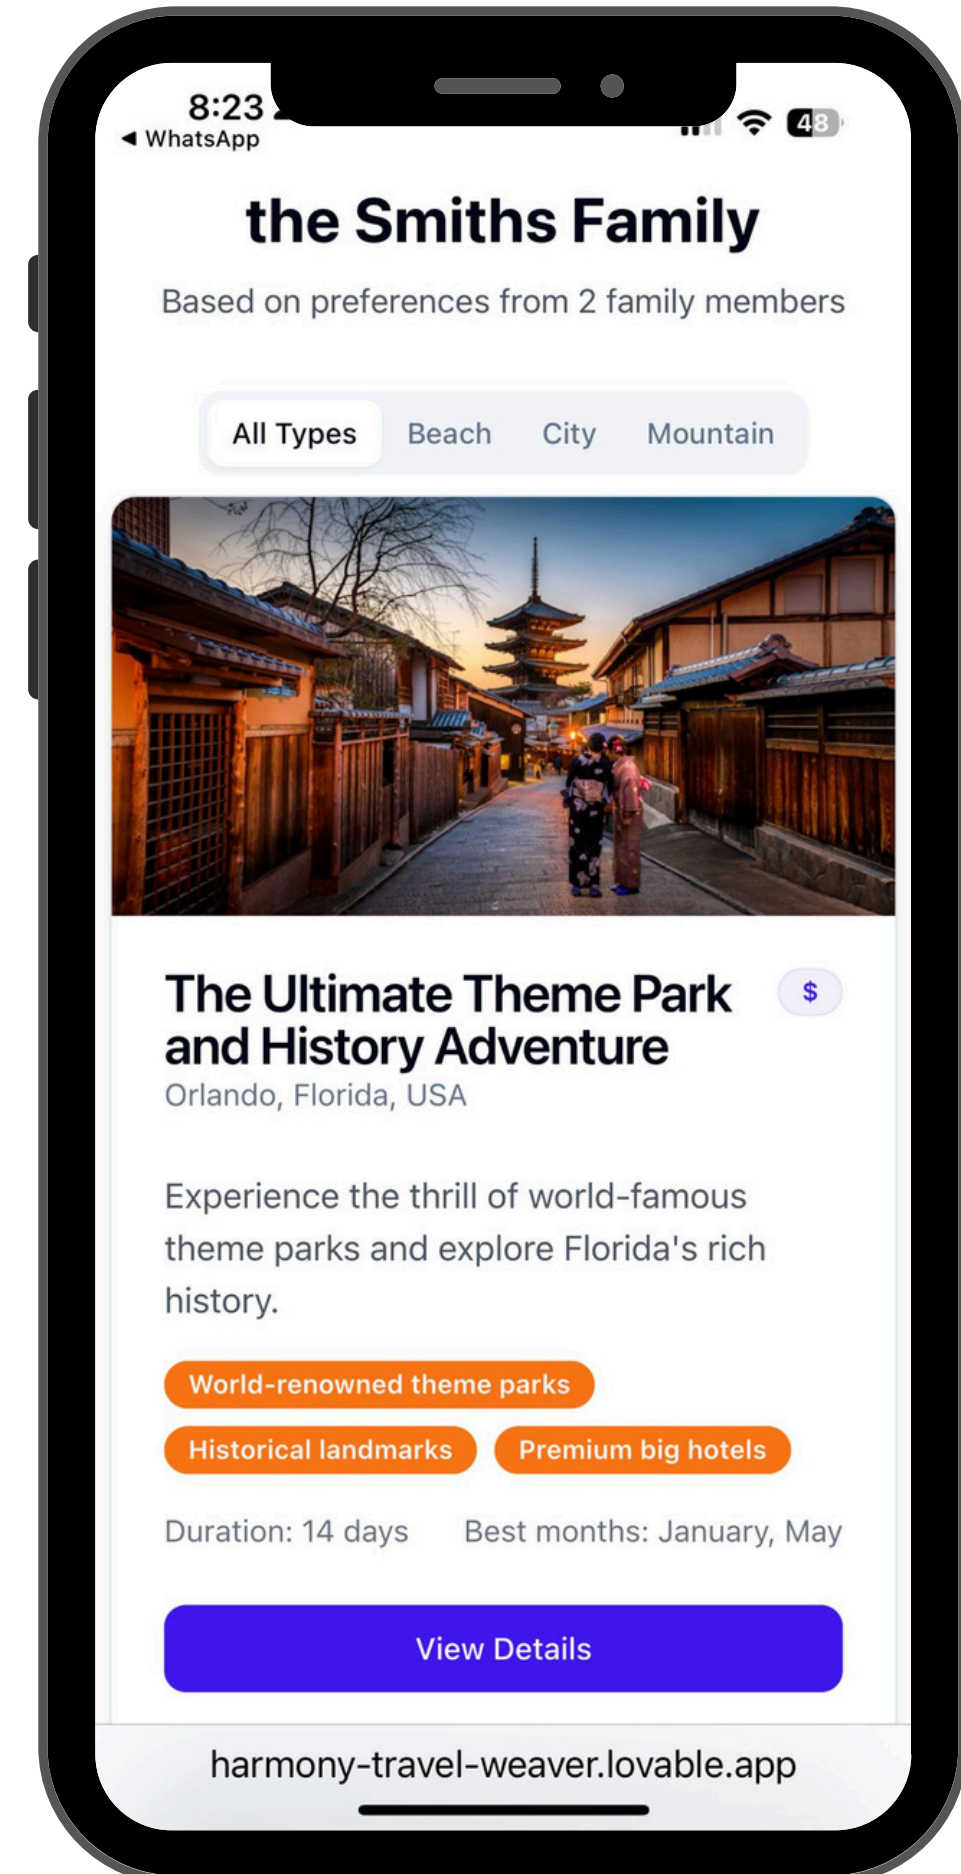

Picture AI

Solution

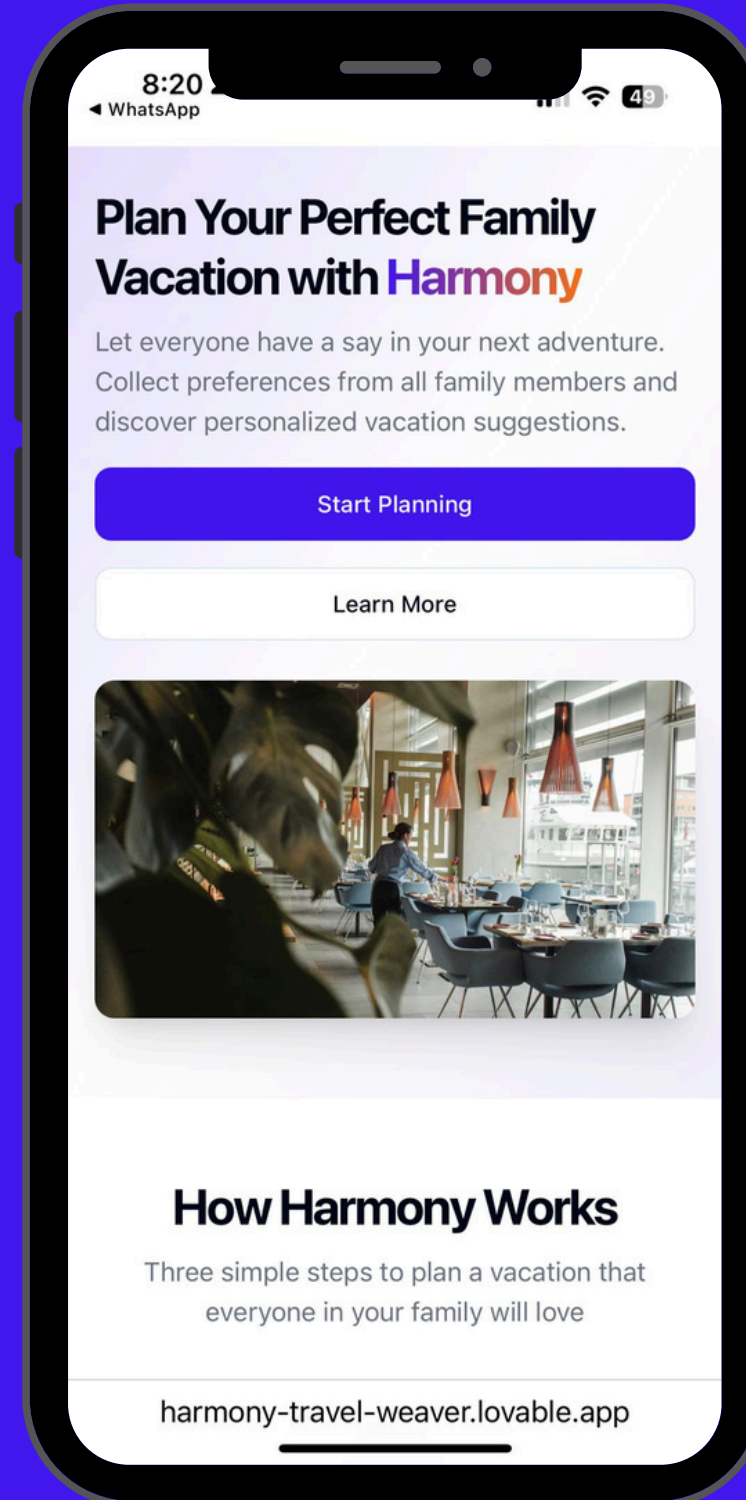

Family-centered travel planning app that involves everyone – not just the parents

Key features:

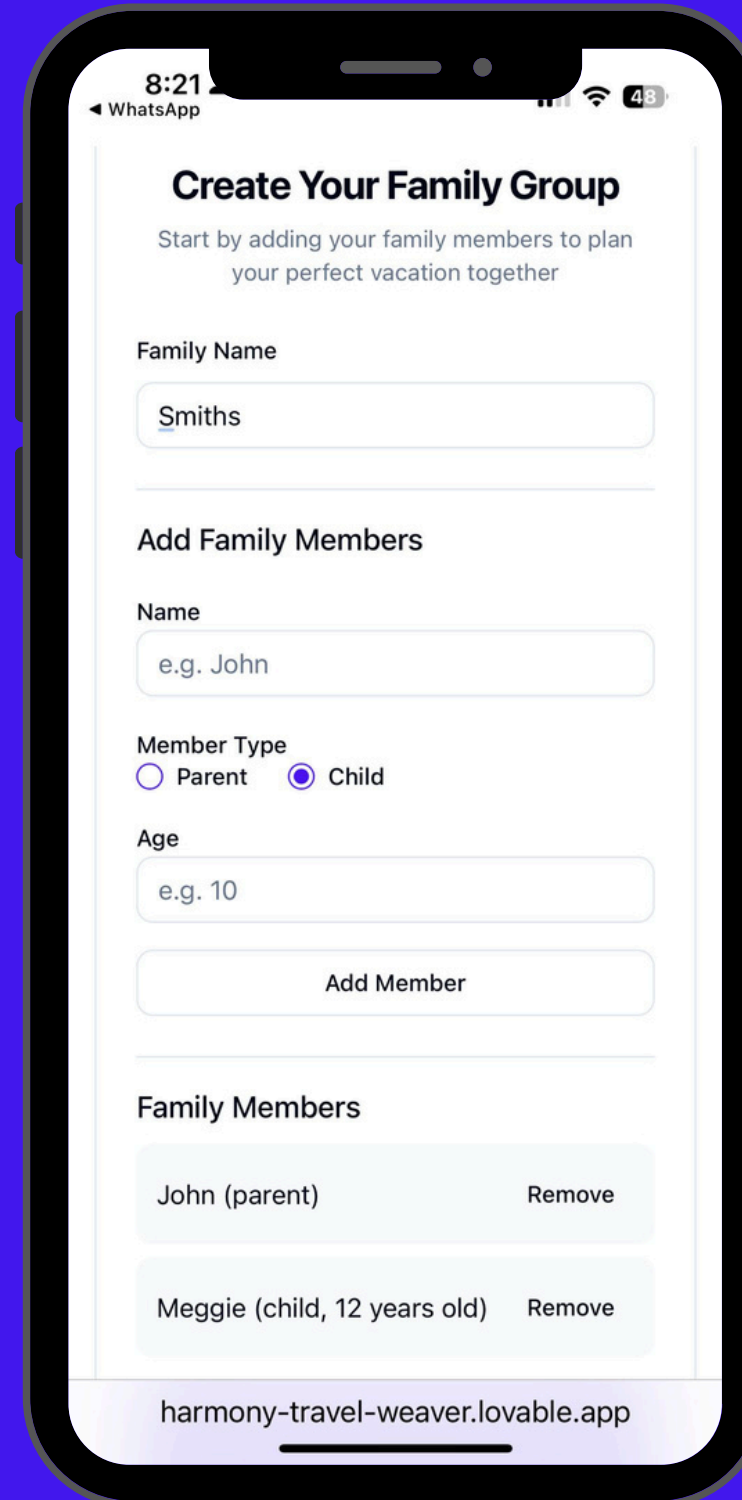

- Preference input per user (e.g. adventure, culture, rest)
- Separate profiles per family member
- Gamified wishlist: kids (and adults) can vote with icons or sliders
- Integrated tools: calendar, wishlist, budget, booking links
- Visual interface: sliders, icons, or gamified input for kids
- Private “wishlists” + shared planning board
- Roles & permissions for age-appropriate planning access
